Step-by-Step Account Opening Process

1. **Choose a Depository Participant (DP) / Broker:**
   - Select a SEBI-registered broker or apply directly through a depository like NSDL or CDSL.
   - Visit our official website
2. **Mobile and Email Verification:**
   - Enter your mobile number and email address to receive and verify OTPs. Use a mobile number linked to your Aadhaar for smooth e-signing.
3. **PAN and Aadhaar (DigiLocker) KYC:**
   - Submit your PAN card number and date of birth.
   - Authenticate your identity via Aadhaar OTP through DigiLocker to fetch your official address and identity proofs.
4. **Personal and Nominee Details:**
   - Fill in your personal information (occupation, annual income range, marital status, and address).
   - Add up to 3 nominees to your demat account (or choose to opt out).
5. **Bank Account Linking:**
   - Link your primary savings bank account by entering your IFSC code and account number.
   - Complete penny-drop verification (automated small deposit check) or upload a cancelled cheque / bank statement.
6. **Segment Selection:**
   - Choose the market segments you want to trade in—such as Equity Delivery, Intraday, Futures & Options (F&O), or Mutual Funds. Upload income proof if enabling F&O/commodities.
7. **In-Person Verification (IPV) / Live Photo:**
   - Take a live selfie or complete webcam verification as mandated by SEBI guidelines.
8. **E-Sign the Application:**
9. Digitally sign the application form using Aadhaar-based OTP e-sign (NSDL/CDSL e-Sign service).
10. **Account Activation:**
    - The broker and exchanges verify your documents within 24 to 48 working hours.
    - Once approved, you receive your unique **Client ID / User ID** and login credentials via email and SMS to start trading.
